

One-Day Tutorial & Workshop

3 September 2018

In conjunction with the International Conference of Geomatics & Geospatial Technology 2018 [GGT2018], we will be running a pre-conference One-Day Tutorial and Workshop. There will be two tutorial tracks with different themes; the **3D City Modeling and GIS Tutorial** and **Disaster Risk and Resilient Workshop**. Participant will learn:

- 3D City Modelling
- Innovation in LiDAR Survey and Mapping.
- Building Information Modelling [BIM] for Geomatics and GIS
- Coordinate Systems and GIS System Development
- Disaster Risk and Resilient

Convenors

Track 1: 3D City Modeling and GIS Tutorial

Dr. Filip Biljecki
National University Singapore (NUS)

Prof. Sr Dr. Alias Abdul Rahman
Universiti Teknologi Malaysia (UTM)

Dr. Ivin Amri Musliman
UTM - Local Authority Pengerang

Prof. Dr. İsmail Rakıp Karas
Karabük University

Assoc. Prof. Dr. Gurcan Buyuksalih
BIMTAS, Istanbul

Assoc. Prof. Sr Dr. Kherun Nita Ali
Universiti Teknologi Malaysia (UTM)

Assoc. Prof. Kamaludin Omar
Universiti Teknologi Malaysia (UTM)

Prof. Dr. Abdullah Emin Akay
Bursa Technical University

Track 2: Workshop on Disaster Risk and Resilient

Dr. Khamarrul Azhari Abdul Razak,
Universiti Teknologi Malaysia (UTM)

Prof. Terrence Fernando
University of Salford, UK

Dr. Shohei Matsuura,
Malaysia-Japan International Institute
of Technology

Dr. Che Zulkhairi Abdullah
University of Salford, UK

Registration Fee

Registration Fee	RM	USD	EURO
	700	180	150

*fee including lunch, coffee/tea break and handouts

Venue

PARKROYAL Kuala Lumpur
Jalan Sultan Ismail, Bukit Bintang,
50250 Kuala Lumpur,
